

Did you know?

'Salties' are the largest reptile in the world and one of the oldest creatures alive on our planet! Saltwater crocodiles lived at the time of dinosaurs, hundreds of millions of years ago. They like to live in murky, slow-moving water so they can ambush the other animals that they want to eat.

Crafty Critter Mask!

Colour in and cut out your *Saltwater Crocodile / Bilngkumu* then attach string, ribbon or elastic to the sides of the mask
